REMARKS

This is in response to the Office Action mailed April 1, 2008. Reconsideration is respectfully requested for the following reasons.

Claim 86 is amended to be clear and definite to correct a misspelled word as noted by the Examiner. The Examiner's detailed review is gratefully appreciated.

Attached is a terminal disclaimer overcoming the non-statutory obviousness-type double patenting rejection of the claims over claims in U.S. Patent No. 7,131,674. Accordingly, the double patenting rejection is now moot.

All claims are now in condition for allowance and a Notice of Allowability earnestly solicited.

Respectfully submitted,

June 30, 2008
